Accessing Mobile Printing

- To print from the web, open <https://www.salisbury.edu/mobileprint> or <https://www.printeron.net/salisbury/university>
- To print from the app, search for and install the PrinterOn app from your mobile device App store or Google Play Store.
- Once your job has been printed, you will need to release your job from the GoPrint station at your selected printer.

About the Mobile Print Service

- Mobile Printing supports Microsoft Word, Microsoft Excel, Microsoft PowerPoint, Microsoft Visio, Adobe PDF files, as well as JPG, GIF, and PNG image files and more.
- Files can be up to 16 MB in size.
- Your print jobs from Mobile Printing count towards your 300 print per week print quota.
- Printouts sent to Mobile Printing Locations will expire after one hour.
- Mobile Printing works from Macintosh and Windows computers. Mobile Printing also works with smart phones and mobile devices using the [PrinterOn mobile app](#).
- Mobile Printing works from any Internet connection on or off-campus.
- Printouts requiring changes to page size or print configuration (i.e., slides per page, portrait/landscape, double-sided) are not supported in mobile printing. For these types of configuration, you will need to print from an IT Lab/Academic Commons computer.

8. Once the request has been processed, you will get a code to use to obtain the document. You will also receive an email with this code. This code is needed the first time you use the Mobile Printing Service.

From the mobile app:

Open the PrinterOn mobile app.

Select what you want to print by clicking **Documents**, **Photos** or **Web**.

Once you have selected your document or webpage, select the **printer icon**.

When you initially use the app, you will need to add a printer. Click **Tap here to select a printer**.

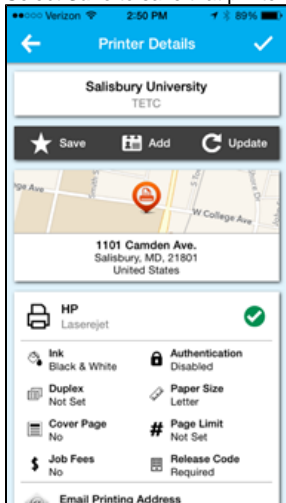

To change or select another printer, click on the printer location at the bottom then select **Location**.

On the map, zoom in to view Salisbury University.

You can choose from one of the available printers. Select the printer's title to see more information about that printer.

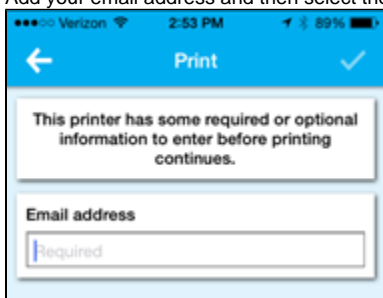

Select **Save** to save that printer to your frequently used list and then the checkmark to choose that printer.

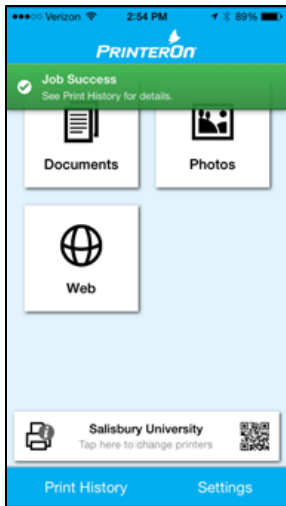

Select **Print** to send to the printer selected.

Add your email address and then select the **checkmark** in the upper right-hand corner.

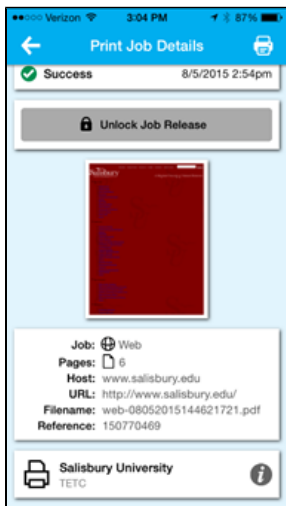

You will receive a notification that the job has succeeded.

Proceed to the Mobile Print location selected, marked with a pink sign to release your print job.

See the Print History for details.

From an email:

1. To print by sending your document as an email attachment, go to <https://www.salisbury.edu/mobileprint> and click the **How do I print from a mobile device?** link.

2. Find the appropriate email address from the list and follow the instructions in the popup window.

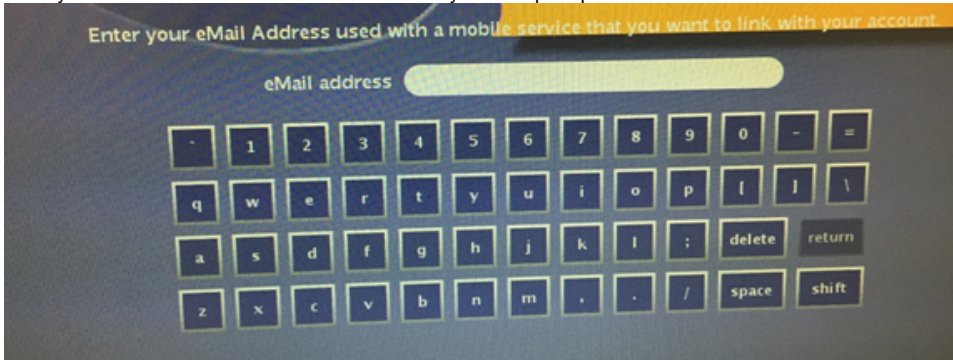

Releasing Your Job From The Printer

1. Log into the GoPrint station with your SU username and password.

2. If the document is not in your queue, click the **Link Mobile** button.

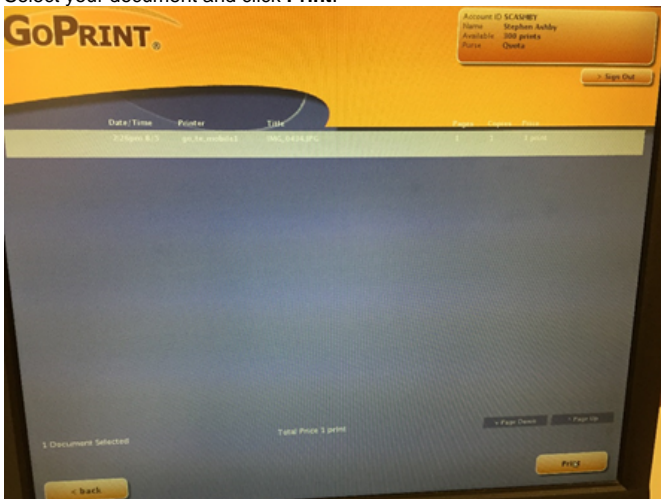

3. Enter your SU email address and click ok. You may also be prompted for a release code.

4. Select your document and select **Continue**.

5. Select your document and click **Print**.
