General information about Student SU accounts

This guide covers all of your student accounts, as well as how to login and change your password.

Applicants/Prospective Students

Prospective students initiate their application process at https://gogulls.salisbury.edu/account/. The login for this system will be the personal email address used when applying.

If you have lost your password, you may retrieve it by clicking on the *Forgot Your Password?* link at login. It will request the applicant email address and birthdate. A pin will then be sent to the personal email address in order for the password to be reset.

Admitted Students

Once accepted to the university, you are given your SU username and a GullNet password. This username and password is different than what was used during the initial application process. It can be found in the application, GoGulls portal, and is also sent via email to the email address used during the application process.

- During Orientation students will be directed to set up their Password Reset Profile and will then be able to reset the password as needed.
- If you have lost your password as an applicant you can have it resent to you by going to http://mypassword.salisbury.edu and selecting *****Prospective/incoming students: see GullNet Password Recovery.**

Your SU Account and Password

- Once your SU account is created (usually just before Orientation) your SU account will be active for the following systems:
    - **Network Logins** - Campus computer and internet/network access.
    - **SU Email:** Campus Email Microsoft 365 Outlook WebApp (Web Access) - Student email access. Login requires the full email address.
    - **GullNet:** http://gullnet.salisbury.edu - our campus information and data system which includes academic and personal information.
        - You will be able to set your password beginning July 2nd for Fall or January 16th for Spring semesters using our **Password Assistance** webpage: http://mypassword.salisbury.edu/.
        - Non-degree students will have their account information emailed to their non-SU email address.
        - For information on setting up your password reset profile and resetting your password, see Using the SU Password Reset System to change or reset your password.
    - **MyClasses:** http://myclasses.salisbury.edu - only if you have a class that uses MyClasses, our online course management system.
    - **Gull Card:** http://gullcard.salisbury.edu - your university ID and multi-function card.
- Once your SU account is active, you will receive all official emails through your SU email address instead of the personal email initially used.
- As long as you are taking at least one class at Salisbury University, or have taken a class within the past 12 months, your SU account will be active. If you currently have a faculty/staff account and wish to take classes you must apply and receive a student account to register for classes.
- Access to your SU account including email and GullNet are removed 12 months after your last class at SU.

Your Email Address

Your email address is username@gulls.salisbury.edu, where "username" is your SU username. You can access your email at Campus Email Microsoft 365 Outlook WebApp (Web Access)

> ⓘ **FERPA Info**
>
> Note for parents: The Family Educational Rights and Privacy Act (FERPA) limits the amount of assistance we can provide to anyone except the owner of the account (the student). For more information, visit http://www.salisbury.edu/registrar/Resources/FERPA/
